# Pooja Kadam

*Python Developer*

**Contact**: 8108212107
**Email**: Pooja.jagtap1391@gmail.com
**Address**: Kandivali (West), Mumbai – 400067

## PROFILE

Having total 5+ years of experience in IT field, Banking and Finance domain. 2 years of experience on python and Django framework.

## EXPERIENCE

- Working with **Tejora Pvt Ltd** as Software Engineer since Feb'2019. Worked on 'Motilal Oswal Advisory Portal' project in python Django. I have worked on different libraries like pptx, Matplotlib to generate PowerPoint presentation, generate graphs, etc.
- Worked with **Microland Ltd on Deutsche Bank client site** as Sr. Engineer EUS from Feb'2016 till Feb'2019. Worked on bank customize market application support.
- Worked with **Unique Enterprises** at Domestic Airport, provided IT support to GVK users from Aug'2014 till Feb'2016.

## PROJECTS

### Motilal Oswal Advisory Portal

- Developed basic operations using Python 3 and Django.
- Built an automated workflow to create personalized portfolios of investments eliminating the manual process completely.
- Used libraries to generate PowerPoint presentations with charts and graphs for representing the statistics in a visual form.
- HTML, CSS and JavaScript were used for frontend and adding dynamic behavioural actions to the web application.

### Integration of Machine Learning project

Provided front-end to Machine learning project and integrate it into Django. Used bootstrap and Django for this.

### Twitter API

Using Twitter API, fetch all tweets posted by a particular Twitter handle, fetch all tweets based on a search keyword, fetch all tweets posted by a particular Twitter handle and generate a list of most commonly used words used by that handle.
Technologies used: Python, Twitter Api, Json, Requests Oauthlib

### Cryptocurrency Stock Price

A script that fetches the real-time prices of the top 5 cryptocurrencies in Rupees and Dollars (use an API)
Technologies used: Python, Alphavantage API, JSON

## PROFICIENCY AND SKILLS

Python
Django
Django Rest Framework
Json
HTML
MySQL
VM tool : Citrix Client
Docker (Beginner)

## EDUCATION

Bachelor of computer application (BCA) (**2009 – 2012) – (University YCMOU UNIVERSITY)**
HSC **(2008 – 2009) – (University MUMBAI BOARD)**
SSC **(2006 – 2007) – (University MUMBAI BOARD)**
